

any valuation upon his life.

Crus at present, whatever fight he is summer is taken, out even more immering at the point half way between partant than that is the fact that the country is in need of fur. Such reform Mexican government. It doesn't seem at a budget system will bridge.

with for the past several years. Obregon in ordering that Carranza b avoid the conditions which have the overthrow of other presiand confidence of other countries

the appeals which are being made by number of lives.

The postal employes for a readjustment How decidedly of their pay. Even the fact that they have a life job is not sufficient for some

is not a new condition. It has been bethering the country for a long time in spite of the fact that the people are supposed to get the service for which they pay. We have long experienced the effect of curtailing postal expenditures to the point of making the department a profit-maker regardless of the charge to urge different action, but when self is involved only a deaf in the handling of the mails and the doing away with facilities which were in charge to pleadings for action.

In a pay with policy that displays weakness and toleration. Whethers such conditions in Mexico will be changed as the result of the revolution remains to be seen, but if it is it will not be the result of our policy, but action by Mexicans.

It seemed well enough when others were in charge to urge different action, but when self is involved only a deaf car is turned to pleadings for action.

It seemed well enough when others were in charge to urge different action, but when self is involved only a deaf car is turned to pleadings for action.
